

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Small-scale fishers' adaptations to climate change - database

File Name: Supplementary Data 2

Description: Classification and frequency of climate change drivers and responses of small-scale fishers

File Name: Supplementary Data 3

Description: Types of fishers' adaptations with increasing single hazard exposure.

File Name: Supplementary Data 4

Description: Number of fishers adaptations with increasing cumulative number of hazards

File Name: Supplementary Data 5

Description: Literature presenting past climate change small-scale fishers' adaptations (2008 - 2020)
